

Thursday, 19 September 2024							
Time	room 2A	Time	room 2B	Time	room 2C	Time	room 2D
8.00 - 10.00	Registration						
9.30 - 11.30	Workshops I WS 1 - Female genital mutilation - Maryam En-Nasse & Isabel Runge - 2A WS 2 - Gifttiere, Toxine und Klima - hängt das zusammen? - Dietrich Mebs & Benno Kreuels - 2B WS 3 - Migrationsgeschichte und ihre Hindernisse bei der Patientenversorgung - August Stich & Benedikt Spielberger - 2C WS 4 - High level isolation unit - Eike Pies & Stefan Boaxnick - (LIZ - Leber und Infektionszentrum), Building 13.57, Ward MX 1, Ground floor WS 5 - Obstetrics unplugged - Annette Ballhorn - Room 00.46 in Building 23.21						
11.30 - 11.45	Break						
11.45 - 13.00	Conference Opening Chairs: Cornelia Staehelin & Carsten Köhler Torsten Feldt - Conference Chair Andreas Neumayr - Conference Chair SSTTM Svenja Caspers - Vice Dean, Heinrich Heine University Düsseldorf Ina Brandes - Minister of Culture and Science of North Rhine-Westphalia - Video Greeting Andrea Spielberg - Federal Ministry of Education and Research (BMBF) Gerald Mboowa - Africa CDC Jasmin-Nevin Varul - Heinrich Heine, literary reading Chairs: Cornelia Staehelin & Carsten Köhler Keynote speech The Potential of International Collaboration for Achieving the SDGs Netsanet Workneh Gidi - Head of Oromoo Health Bureau Plenary 1 The Role of Tropical Medicine in mainstreaming Global Health Martin P. Grobusch - Head, Center for Tropical Medicine and Travel Medicine, Amsterdam UMC						
13.00 - 13.15	Break						
13.15 - 14.45	Session 1 High consequence infectious diseases (HCID) Chairs: Marta Mora-Rillo & Torsten Feldt 13.15 - 13.35 h South American viral hemorrhagic fevers Anabel Sinchi 13.35 - 13.55 h Lassa - update treatment studies and guidelines Michael Ramharter 13.55 - 14.15 h Crimean Congo hemorrhagic fever in Europe Marta Mora-Rillo 14.15 - 14.25 h OP1 Fever after travelling? Watch out! Digital support service for doctors for early detection and initial measures in the event of suspected high consequence infection diseases A. Mikolajewska 14.25 - 14.35 h OP2 Virtual Assessment Model for At-Home Evaluation of Suspected High-Consequence Infectious Disease Cases M. Frank 14.35 - 14.45 OP3 Clinical and pathogenetic features of acute kidney injury in Lassa fever patients at the Iruwa Specialist Teaching Hospital, Edo State, Nigeria 2022 - 2023 M. Kohsar	Session 2 From national to European recommendations in travel medicine? Chairs: Eva Lefevre & Christoph Hotz 13.15 - 13.35 h Rabies PEP and PrEP - differing recommendations and potential for harmonization Benno Kreuels, Sabine Haller & Patrick Soentjens 13.35 - 13.50 h Developing evidence-based Travel Medicine Guidelines: Insights from the Delphi Method Guido Calleri 13.50 - 14.10 h Comparing international approaches to the development of guidelines and recommendations Ula Maniewski-Kelner, Eva Lefevre & Olivia Veit 14.10 - 14.45 h Panel discussion: Strategies for leveraging synergies and harmonization in the development of guidelines and recommendations Moderator: Marco Albanico Panelists: Ula Maniewski-Kelner, Burkhard Rieke, Eva Lefevre & Olivia Veit	Session 3 Dermatology Chairs: Andrea Vanegas Ramirez & Andreas Lindner 13.15 - 13.35 h Skin lesions in South America Andrea Vanegas Ramirez 13.35 - 13.55 h Skin diseases in skin of colour Enbiale Wendemagegn 13.55 - 14.15 h Skin diseases in Asia Anna Koller 13.15 - 14.15 h OP4 New insights into cutaneous leishmaniasis in travel medicine – a retrospective multicentre case series H. M. Orth 14.15 - 14.35 h OP5 Diagnosing skin neglected tropical diseases with the aid of digital health tools: a scoping review E. Barnawska 14.35 - 14.45 h OP6 Exploring Active Case Detection Approaches for Leprosy Diagnosis in Varied Endemic Settings: A Comprehensive Scoping Review H. Brown	Session 4 Parasitology Chairs: Achim Hörauf & Andreas Neumayr 13.15 - 13.35 h Filarial diseases and their immunological impact on the human host Marc Hübner 13.35 - 13.55 h The quest for new compounds for the treatment of alveolar echinococcosis Britta Lundström-Stadelmann 13.55 - 14.15 h Current challenges in the management of Cutaneous and Visceral Leishmaniasis Esayas Gudina 14.15 - 14.25 h OP7 Female Genital Schistosomiasis (FGS) in returned travellers. A Review G. Helling-Giese 14.25 - 14.35 h OP8 A clinical phase 2a randomized, ascending dose, placebo-controlled, assessor-blind, safety, tolerability and efficacy study of orally administered moxidectin in subjects with microfilaraemic Loa loa infection T. Nordmann 14.35 - 14.45 h OP9 Efficacy and safety of fexinidazole for treatment of chronic indeterminate Chagas disease (FEKI-12): a phase 2, double-blind, multicentre randomised trial I. Losada			
14.45 - 16.00	Free Poster Walk (Foyer) / Coffee break					Industry symposium 1 Navigating global health: Understanding chikungunya and rabies risks for travelers Chair: Silja Bühler 14.50 - 15.20 Chikungunya: an overview of epidemiology, burden of disease and prevention. Jonas Schmidt-Chanait Up to Date: 40 years of rabies vaccines Frank Mosel	Industry symposium 2 Potential long-term consequences of Chikungunya virus and update on VLA1553 vaccine data Chair: Martin Grobusch 15.25 - 15.55 Chikungunya disease overview - Epidemiology, Diagnosis/Detection, Chikungunya Burden of Disease Heimo Logler VLA1553 clinical data update Eric Plennevaux
16.00 - 17.30	Session 5 Vaccines - update and outlook Chairs: Micha Löbermann & Beate Kampmann 16.00 - 16.20 h 100 days program for vaccine development (CEPI) Jakob Cramer 16.20 - 16.40 h Pipeline for vaccines in tropical and travel medicine Micha Löbermann 16.40 - 17.00 h Hookworm Vaccine - current state Ayola Akim Adegnika 17.00 - 17.20 h Vaccination in pregnancy: a powerful tool to combat known and emerging severe infections in women and infants Beate Kampmann 17.20 - 17.30 h OP10 Rotavirus Genotypes Distribution Pre and Post-Rotarix® (RV1) Vaccine Introduction in Ethiopia M. Tefera	Session 6 High Level Isolation Units (in cooperation with STAKOB) Chairs: Timo Wolf & Michael Ramharter 16.00 - 16.15 h Biothreats - how can we prepare? Alexander Uhrig 16.15 - 16.30 h Establishing a High Level Isolation Unit in Rwanda: The EFFO project Miriam Stegemann 16.30 - 16.45 h Treatment of Viral Hemorrhagic Fevers in Europe - challenges and strategies Timo Wolf 16.45 - 17.00 h Research opportunities in High Level Isolation settings Jacelyn Herstein 17.00 - 17.10 h OP11 USA HLIU Collaboration C. Arguinchona 17.10 - 17.20 h OP12 Occupational barriers, training needs and quality of life of physicians and nurses working on intensive care units in Rwanda: a qualitative study, 2022 M. Hermann 17.20 - 17.30 h OP13 VOLARE- exercise: simulation of an international transport of a patient with high consequence infectious disease within the EU A. Mikolajewska	Session 7 Research and Career opportunities in Tropical and Travel Medicine Chairs: Britta Lundström-Stadelmann & Benno Kreuels 16.00 - 16.15 h Equitable approaches in research funding Jeannette Endres-Becker 16.15 - 16.45 h Training sites in the tropics and curricula in international comparison Benno Kreuels, Cornelia Staehelin, Steven Van Den Broecke & Martin Grobusch 16.45 - 17.00 h Research and Career opportunities Benno Kreuels 17.00 - 17.30 h I did it my way - Different career paths in tropical medicine Celina Albanus	Session 8 Editors' choice - recent highlights in Tropical and Travel Medicine Chairs: Alfonso Rodriguez Morales, Patricia Schlagenhauf & Marco de Ambrogi 16.00 - 16.30 h Highlights by Patricia Schlagenhauf (New Microbes and New Infections, Switzerland) Patricia Schlagenhauf 16.30 - 17.00 h Highlights by Alfonso Rodriguez Morales (Travel Medicine and Infectious Disease, Colombia) Alfonso Rodriguez Morales 17.00 - 17.30 h Highlights by Marco de Ambrogi (Lancet Infectious Diseases, United Kingdom) Marco de Ambrogi			
17.30 - 18.30	Break						
start approx 18.30	Conference get together Rocca 800 - Neuer Zollhof 3, 40221 Düsseldorf Start approx. 18.00 h						

Program for CTM 2024

Program for CTM 2024

Friday, 20 September 2024							
Time	room 2A	Time	room 2B	Time	room 2C	Time	room 2D
7.45 - 8.30		7.45 - 8.30	Clinical Quiz Jelie Visser & Andreas Neumayr				
8.45	Break						
8.45 - 9.30	Chairs: Sabine Belard und Tafese Beyene Tufa Plenary 2 8.45 - 9.05 h The challenge of Implementation Till Bärnighausen Plenary 3 9.10 - 9.30 h Why improving sepsis care in Africa is a health priority Emmanuel Nwagwu						
9.30 - 9.45	Break						
9.45 - 11.15	Session 9 AMR in the Tropics Chairs: Ahmed Abd El Wahed & Esayas Gudina 9.45 - 10.05 h Antimicrobial Resistance in Africa Tafese Beyene Tufa 10.05 - 10.25 h Bacteriophages for human antimicrobial therapy: is there a potential for LMIC? Patrick Soentjens 10.25 - 10.45 h Molecular surveillance in LMIC - Africa CDC pathogen genomic initiative Gerald Mboowa, Africa CDC 9.45 - 10.45 - 10.55 h OP15 Development of a teaching tool for antibiotic use for medical students in Malawi and Germany – assessment based on the availability of antibiotics T. Phiri & K. Steie 10.55 - 11.05 h OP16 Antibiotic dispensing per type of healthcare provider in rural Burkina Faso: A healthcare visit exit survey S. J. W. Nsoai 11.05 - 11.15 h OP14 Mapping antimicrobial resistance genes based on One health approach in Nigeria P. Ghosh	Session 10 Human challenge models Chairs: Carsten Köhler & Benjamin Mordmüller 9.45 - 10.05 h Malaria Ralf Fendel 10.05 - 10.25 h Short-term Schistosoma infection Marie-Astrid Hoogerwerf 10.25 - 10.45 h Tick bite models Philip Elders 9.45 - 10.45 - 11.05 h Controlled human infection studies with Streptococcus pneumoniae Dimiri Divatopoulou	Session 11 Innovative approaches in Tropical Medicine Chairs: Steven Van Den Brucke & Camelia Stoerlein 9.45 - 10.05 h Artificial intelligence and global health: opportunities and challenges Thomas Hanscheid 10.05 - 10.25 h Future and potential of molecular diagnostics in Tropical Medicine Andreas Wieser 10.25 - 10.45 h Connected diagnostics – the bricks and clicks of healthcare delivery in LMIC Tobias Rinke de Wit 9.45 - 10.45 - 10.55 h OP17 Molecular xenomonitoring for post-validation surveillance of lymphatic filariasis in Bangladesh: evidence to support LF elimination as a public health problem P. Ghosh 10.55 - 11.05 h OP18 Field Deployable Molecular Isothermal Diagnostics for Schistosomiasis S. Mesquita 11.05 - 11.15 h OP19 Use of tongue swab for tuberculosis diagnosis in primary healthcare settings in Vietnam and Zambia: Early health economic modelling P. Papadopoulos	Session 12 Climate change and environment Chairs: August Stich & Abraham Goorhuis 9.45 - 10.10 h Changing epidemiological & environmental conditions: a short trip across Europe Abraham Goorhuis 10.10 - 10.35 h What are the implications of changing climate and environment worldwide? August Stich 10.35 - 11.00 h Impact of Climate Change on Health – Experiences of Cyclones in Malawi Moses Banda Aron 9.45 - 11.00 - 11.15 h OP20 Risk of Autochthonous Human Schistosomiasis Transmission in Italy A. de Vito			
11.15 - 11.45	Break						
11.45 - 13.15	Session 13 Innovation in care for mycobacteria Chairs: Claudia Denkinger & Michael Hoelscher 11.45 - 12.05 h Tuberculosis - New treatment options Michael Hoelscher 12.05 - 12.25 h Current Perspective on Leprosy in Ethiopia Inbiolu Wendemagegn 12.25 - 12.45 h Innovation at the point of care for tuberculosis diagnosis Claudia Denkinger 12.45 - 13.05 h Buruli ulcer treatment landscape - opportunities, challenges and priorities Richard Odame Phillips 11.45 13.05 - 13.15 h OP21 Identification of tuberculosis hotspots and areas of under detection in Cameroon using routine program data and spatial analysis L. G. Jougo	Session 14 International cooperation projects Chairs: Eva Kantelhardt & Tafese Beyene Tufa 11.45 - 12.00 h A one health network for combating AMR in Sub-Saharan Africa George Olusegun Ademowo 12.00 - 12.15 h Global health hub at VG-CARE: The PAN ASEAN Coalition for Epidemic and Outbreak Preparedness (PACE-UP) Thiru Velavan 12.15 - 12.30 h The BMGF/BHISA Initiative: The NORA Network for oncology research in Africa Eva Kantelhardt 11.45 12.30 - 12.45 h International Networks for sepsis research Tatjana Erdel & Tafese Beyene Tufa 13.00 12.45 - 13.00 h Leprosy: The Overlooked and Forgotten Disease (Collaboration Austria/India) Andrea Grisold 13.00 - 13.15 h OP23 Building capacity through specialist training in six sub-Saharan African countries to respond to global health challenges – experiences from the first 9 years of establishing a regional physician college in east, central, and southern Africa T. Phiri	Session 15 HIV worldwide Chairs: Jan Fehr & Björn Jensen 11.45 - 12.00 h Update on HIV epidemiology and treatment options in LMIC Alexander Zoufaly 12.00 - 12.15 h High-impact HIV-trials in sub-Saharan Africa Sean Wasserman 12.15 - 12.30 h The future of HIV-prevention Anne Kirofi 11.45 12.30 - 12.55 h Panel discussion (all speakers): We have all the tools to end HIV/AIDS by 2030 – what more do we need? Session 16 Malaria Chairs: Martin Grobusch & Sabine Belard 11.45 12.45 - 13.00 h Malaria - resistance and RDT failure Steffen Barmann 13.00 12.05 - 12.25 h Malaria prevention with drugs - what's on the malaria menu in 2024? Patricia Schlegelhauf 12.25 - 12.45 h PZ2 malaria vaccine Michael Riecken Adjei 12.45 - 12.55 h OP26 Partial artemisinin resistance in Africa: networking for capacity building and surveillance W. van Loon 13.00 12.55 - 13.00 h OP27 Scalable and cost-effective DNA extraction and PCR for xenomonitoring of P. falciparum and antimalarial drug resistance genes: a proof-of-concept with mosquitoes from DR Congo, 2023 D. Anwar 13.00 13.05 - 13.15 h OP28 25 years MNTV: Delivering new and innovative tools to prevent, cure and eliminate malaria Z. Riazopoulos				
13.15 - 15.15	Industry symposium 4 Truth or Myths: Unmet medical need of dengue in travellers Chair: Martin P. Grobusch Let's talk about dengue! Worldwide situation in the past and now Timo F. Schwarz TAK-003: Insights and perspectives Eduardo Bittencourt de Góesmore Q&A					Industry symposium 3 Infektiologische Detektivarbeit in der Klinik - den Erregern auf der Spur Chair: Christoph Lübbert 13.30 Schweres septisches Krankheitsbild mitten in der Corona-Pandemie – Diagnosestellung als Herausforderung Christoph Lübbert 14.15 HDV & Co.: Hätten Sie daran gedacht? Julian Schulte zur Wiesch	
	Free Poster Walk (foyer) Lunch break						
15.15 - 16.45	Session 17 Vector borne diseases Chairs: Steven Van Den Brucke & Hans Martin Orth 15.15 - 15.35 h West Nile Virus – update Germany and Europe Jonas Schmidt-Chanazat 15.35 - 15.55h Oryzias™ Plasmodia - Airport, baggage and nosocomial malaria Timo Wolf 15.55 - 16.15 h Ectoparasites and the diseases they transmit Steven Van Den Brucke 16.15 - 16.25 h OP29 Heterogeneity of Dengue Virus in Ethiopian Outbreaks A. Akilu 15.15 16.25 - 16.35 h OP30 Sublethality – a rare travel related infection in an immunocompetent elderly patient J. Jochum 16.35 - 16.45 h OP31 Seroprevalence of tick-borne infections in blood donors in Europe: a systematic review S. Mathys	Session 18 DTC / Surgical aspects of infections and more Chairs: Christian Doll & Benjamin Schleevoigt 15.15 - 15.35 h Musculoskeletal infections Christian Doll 15.35 - 15.55h Surgery of echinococcosis - when and how [not?] Beate Gräner 15.55 - 16.15 h HIV Viral load and surgical work in LMIC Benjamin Schleevoigt 16.15 - 16.25 h OP32 Surgery and assessment on knowledge, stigma and discrimination of goiter patients: A thyroid goiter campaign in Wau / South Sudan S. Wolff 16.35 16.25 - 16.35 h OP33 Clinical Impact of Point-of-Care Ultrasound in a LMIC T. Kachitzi	Session 19 GTP / Pediatrics in Low resource countries: State of the art Chairs: Charles Martins-Dickens & Elizabeth Molynaux 15.15 - 15.30 h The Importance of Neonatology in the global south with examples from the NEST programme Elizabeth Molynaux 15.30 - 15.45 h Sepsis in children in low resource countries Charles Martins-Dickens 15.45 - 16.00 h Child Health in Ethiopia Wendie Gid Netsanet 15.15 16.00 - 16.15 h Pediatric oncology in low resource countries Elizabeth Molynaux 16.35 16.15 - 16.25 h OP34 Intestinal Adsorbent shortens the duration of diarrhoea in Children in a LMIC Results of a Double-Blinded Randomized Controlled Feasibility Study in The Gambia (INTAGAM) P. Røhden 16.25 - 16.35 h OP35 Home treatment among children prior to seeking treatment in diverse healthcare settings: a comparative analysis in Ghana R. Brouman	Session 20 Travel Medicine Chairs: Sophie Schmetterer & Alexander Zoufaly 15.15 - 15.35 h The role of non-infectious causes of morbidity and mortality in travellers Andrea Farnham 15.35 - 15.50 h Educational tools in travel and tropical medicine: introduction in wanda and wildestroica Grazieli Sami Alcedo Ascencios 15.55 - 16.15 h The dilemma of travel medicine and sustainability Sophie Schmetterer 15.15 16.15 - 16.25 h OP36 Compliance with stand-by emergency treatment and mosquito protection measures in short-term travelers to moderate malaria transmission areas. D. Franken 16.45 16.25 - 16.35 h OP37 Malaria risk perception and barriers for effective prophylaxis in the Sub-Saharan African VFR traveller community in Hamburg, Germany M. Essandoh 16.35 - 16.45 h OP38 Acute myocardial injury after travel – retrospective case series in the interdisciplinary A&E department of a tertiary referral center in Germany on a poorly characterized disease entity in returned travellers. S. Schöber			
16.45 - 19.00	After work networking event (foyer)	18.00 - 19.00	Societies' meetings	18.00 - 19.00	Societies' meetings	18.00 - 19.00	Society meeting DTG

Saturday, 21 September 2024							
Time	room 2A	Time	room 2B	Time	room 2C	Time	room 2D
8.30 - 9.15	<i>Chairs: Eva Lefevre, Alexander Zoufaly</i> Plenary 4 8.30 - 8.50 h Innovations in Malaria <i>Peter Kremsner</i> Plenary 5 8.55 - 9.15 h Harmonisation and Synergies in Tropical and Travel Medicine <i>Christoph Hatz</i>						
9.15 - 9.30	Break						
9.30 - 11.00	Session 21 Transcultural medicine <i>Chairs: Marco Albanico & Mirna Abd el Aziz</i> 9.30 - 9.50 h From Roots to Riches.exploiting the Indian Biodiversity <i>Chatterjee</i> 9.50 - 10.10 h Medical Volunteerism - an African Perspective <i>Tamara Phiri</i> 10.10 - 10.30 h Traditional medicine in Ethiopia <i>Dereje Nigusie</i> 10.30 - 10.40 h OP39 Uvullectomy in Paediatric Patients: A Case Series from Oromia region, Ethiopia <i>H. Sili</i> 10.40 - 10.50 h OP40 Factors associated with hepatitis B vaccination in the Lao People's Democratic Republic: findings from the Multiple Indicator Cluster Surveys in 2011/12 and 2017 <i>L. Hebele</i> 10.50 - 11.00 OP41 Awareness and knowledge about Female Genital Schistosomiasis among European healthcare workers <i>D. Fusco</i>	Session 22 Global Health and Tropical Medicine <i>Chairs: Richard Odame Phillips & Sophie Schneider</i> 9.30 - 9.50 h The next generation of Global Health <i>Nicola Reck</i> 9.50 - 10.10 h Migration and Health - epidemiological insights into a complex issue <i>Hajo Zeeb</i> 10.10 - 10.30 h Lessons from HIV, Ebola, COVID-19 and M-Pox: Are We Truly on the Path to Universal Health Coverage? <i>Gisela Schneider</i> 9.30 - 10.30 - 10.40 h OP42 Access to antibiotics among community members for human and animal use: a comparison between two neighbouring countries, Ghana and Burkina Faso <i>E. Camo I Gibernau</i> 10.40 - 10.50 h OP43 Impact of a mobile-money-based conditional cash transfer intervention on healthcare utilisation in Southern Madagascar – a mixed-methods study <i>M. Franke</i> 10.50 - 11.00 OP44 Disease burden and Health Care of the Indigenous communities in Colombia <i>S. Kann</i>	Session 23 Oncology and palliative care <i>Chairs: Oliver Henke & Elizabeth Molyneux</i> 9.30 - 9.50 h Integrating Cancer Care into the Public Health Care System in Ethiopia <i>Eva Kantelhardt</i> 9.50 - 10.10 h Home based palliative care in Kilimanjaro Region. Clinical characteristics and cost analysis <i>Katharina Gruner</i> 10.10 - 10.30 h eHealth in Cancer Care: Nanopore Sequencing and Point of care ultrasound in Tanzania <i>Oliver Henke</i> 9.30 - 10.30 - 10.40 h OP45 Awareness and knowledge of HPV and cervical cancer in Madagascar: a community-based study <i>A. Schmidt</i> 10.40 - 10.50 h OP46 Genetic diversity of Hepatitis C Virus in Africa <i>A. G. Weldemariam</i>	DTG I Dengue - Impfungen und neue Leitlinie (GER) <i>Chairs: Andreas Neumayr & Gerhard Boecken</i> 9.30 - 9.55 h Dengue - Überblick <i>Burkhard Rieke</i> 9.55 - 10.20 h Neue Leitlinie Arbovirosen <i>Stefan Schlabe</i> 10.20 - 11.00 h Dengue Impfung - Für und Wider - Paneldiskussion <i>Moderation und Impulsvortrag: Andreas Neumayr</i> <i>Diskussion: Gerhard Boecken, Burkhard Rieke</i>			
11.00 - 11.30	Break						
11.30 - 13.00	Session 24 Emerging infectious diseases <i>Chairs: Christian Drastén & Alexander Zoufaly</i> 11.30 - 11.50 h Oropouche <i>Jan Felix Drexler</i> 11.50 - 12.10 h Highly Pathogenic Avian Influenza (HPAI) <i>Jocelyn Herstein</i> 12.10 - 12.30 h Ongoing MPox outbreak in the Democratic Republic of Congo <i>Patrick de Marie Katoto</i> 11.30 - 12.30 - 12.40 h OP47 High West Nile virus infection rates in mosquitoes from Berlin, 2023 <i>C. Patzina-Mehling</i> 12.40 - 12.50 h OP48 Relationships between morbidity from Mpox and international tourism globally during 2022-2024 epidemics <i>A. J. Rodriguez-Morales</i> 12.50 - 13.00 h OP49 Democratizing diagnostics: The Portable Suitcase Lab empowers Health Emergency Preparedness <i>P. E. Schweizer</i>	Session 25 NTDs <i>Chairs: Marc Hübner & Barbara Reznakova</i> 11.30 - 11.45 h Mycetoma <i>Ahmed Hassan Fahal</i> 11.45 - 12.00 h Noma <i>Mark Sherlock</i> 12.00 - 12.15 h Podoconiosis: Tackling the obstacles of non-filarial lymphoedema <i>Manuel Ritter</i> 11.30 - 12.50 - 12.15 h OP50 Antivenom Availability, Treatment Practices of Snakebite Envenoming and Distribution of Medically Important Venomous Snakes: An Assessment in 40 Provinces of Vietnam <i>Q. Q. B. Truong</i> 12.40 - 12.50 h OP51 Clinical care for adults with chronic Chagas disease in Bolivia: A scoping review <i>M. Müller</i>	Session 26 FIDE / Gynecology I (managed by FIDE) <i>Chair: Sebastian Hentsch & Eva Kantelhardt</i> Begrüßung <i>Tanja Fehm</i> Festvortrag 30 Jahre FIDE <i>Jürgen Wöcker</i> Palliative Care in Malawi <i>Camille Desforges</i> 11.30 - 13.00 - Endometriosebehandlung in Afrika <i>Harald Krentel</i>	DTG II Refresher Reise- und Tropenmedizin 1 (GER) <i>Chairs: Andreas Grasteit & Olivia Veit</i> 11.30 - 12.00 h Abrechnung von Reiseimpfungen und Beratungen <i>Andreas Grasteit</i> 12.00 - 12.30 h Impf-Update <i>Micha Löbemann</i> 12.30 - 13.00 h Malaria prophylaxe - Gemeinsamkeiten und Unterschiede der internationalen Leitlinien <i>Olivia Veit</i>			
13.00 - 13.15	Break						
13.15 - 14.15	Conference Closing <i>Chairs: Carsten Köhler & Torsten Feldt - DTG</i> Award Ceremony Plenary 6 A virologists lookback on COVID-19 <i>Christian Drastén</i> Plenary 7 Future challenges and invitation to ECTMIH in Hamburg 2025 <i>Jürgen May</i>						
14.15 - 14.30	Break						
14.30 - 16.00	Workshops II WS 6a - Parasitology – hands on - Martha Holtfreter - Room 00.55 in Building 22.21 WS 6b - Parasitology – hands on - Martha Holtfreter - Room 00.55 in Building 22.21 WS 7 - ETAT (Tropical Paediatrics/International Child Health) – Gudrun Jäger - 2B	Session 27 FIDE / Gynecology II (managed by FIDE) <i>Chairs: Maryam En-Nasse & Jürgen Wöcker</i> 14.30 - 15.00 h Private Initiatives of the diaspora: Betta Health in Cameroon <i>Ivo Azeh</i> 14.30 - 15.00 - 15.30 h Coposcopy training in Madagaskar: cervical cancer screening and FGS- an experience report <i>Monika Hampf</i> 15.30 - 16.00 h Empowering women in Nepal and worldwide <i>Judith Mahren & Veronika Laika</i>	DTG III Refresher Reise- und Tropenmedizin 2 (GER) <i>Chairs: Patrick Soentjens & Andrea Grisold</i> 14.30 - 15.00 h Weltseuchenlage und importierte Infektionskrankheiten <i>Gerhard Falkenhorst (RKI)</i> 15.00 - 15.30 h Psychische Probleme bei Migrant:innen <i>Bodo Warrings</i> 15.30 - 16.00 h Neue Impfstoffe in der Reisemedizin <i>Burkhard Rieke</i>				
16.00 - 16.15	Break						
16.15 - 17.45		Session 28 Gynecology III (managed by FIDE) <i>Chairs: Isabell Runge & Monika Hampf</i> Human Placental Schistosomiasis – A Systematic Review <i>J. Gerstenberg</i> Artificial intelligence based screening for Female Genital Schistosomiasis: an image catalogue to build machine learning algorithms <i>D. Sempf</i> mHealth Interventions for Improving Access to Antenatal, Delivery, and Post-Natal Care in Bangladesh <i>U. Roy</i> Wrap Up, Einladung zur nächsten Jahrestagung <i>Sebastian Hentsch</i>	DTG IV Refresher Reise- und Tropenmedizin 3 (GER) <i>Chairs: Hans Martin Orth & Gerhard Boecken</i> 16.15 - 16.45 h Langzeit-Ausgereiste - was ist zu beachten? <i>Gerhard Boecken</i> 16.45 - 17.15 h Immunsuppression und Reisen <i>Hans Martin Orth</i> 17.15 - 17.45 h Tauchmedizin <i>Sven Dreyer</i>				

Program for CTM 2024
